

Maturity Readiness Assessment Platform, helping organizations see current position on Data, Skills and AI with an automated Assessment Tool

ElevateX

Elevate your organization to be ready for Automation & AI adoption

**Phase 1**

**Current State Assessment**

**Deliverables (Automated)**

- ✓ Data/AI Maturity Assessment Report
- ✓ Data/AI Maturity Scorecard
- ✓ Stakeholder Participation Matrix
- ✓ Skill Assessment Matrix

**Phase 2**

**Deep-Dive: Technical & Data**

**Deliverables**

- ✓ Technical Assessment Report
- ✓ Data Assessment Report
- ✓ Risks, Gaps and Opportunities Report

**Phase 3**

**Customized Roadmap**

**Deliverables**

- ✓ Customized Roadmap
- ✓ Initial Operational Capability (IOC) to Final Operational Capability (FOC)

**Platform Offerings**

**DATA MATURITY READINESS**

Data Maturity Readiness Assessment Framework, assisting organizations understand their current Data maturity levels and provide a customized roadmap to enhance their data-driven domains accelerating Data maturity journey.

**AI/ML MATURITY READINESS**

Artificial Intelligence (AI) Maturity Readiness Assessment Framework, helping organizations see current position on the AI maturity scale and providing a customized roadmap for AI journey.

**SKILLS ASSESSMENT**

Enables organizations assess their current resource skills against a strong pool of pre-defined skills, generating a real-time Skills Matrix Report.

	Skills	Don't know	Basic	Intermediate	Expert
TensorFlow		0	1	0	0
Pytorch & Torch		1	0	0	0
Recurrent neural networks (RNN)		0	0	1	0
Caffe / Caffe 2		0	0	0	1

Our subject matter expertise continues to evolve our ever-strong assessment pool ready to be used for Data, AI/ML and Skills assessments. Automated and highly configurable assessment platform generates real-time reports with a click of a button significantly reducing cost and effort for current state assessments.
